INVITATION TO PARTICIPATE

For this activity, you are going to participate in a focus group during which you will be asked some questions about help-seeking behaviors and sources of help that you used for your math class. There are no right or wrong answers. We just want you to answer the focus group questions as best as you can. How you answer these questions will not have any impact on your grade in the course. You can skip any questions that you do not want to answer. The focus group will take up to 60 minutes. During the focus group, you will use a pseudonym instead of your real name. You will receive a \$20 gift card for participating. Would you like to participate in this focus group?
