THE CATHOLIC UNIVERSITY OF AMERICA
Washington, DC 20064

SEMINAR IN FUNCTIONAL ANALYSIS

AND RELATED AREAS

Wednesday, October 12, 2022

4:45 p.m. - 6:30 p.m.

**SPEAKER*:* Professor Paul Kainen
   Georgetown University

TITLE: Enriching graph invariants to drawings

ABSTRACT: Several graph invariants were generalized to drawings in 1973.
In this largely expository talk, I will sketch the history and give some recent examples.

PLACE: Aquinas Hall, room 108. The talk will be on Zoom as well (from 4:45 p.m. to 6:30 p.m. ET).   The corresponding link will be sent to everyone in advance.

ORGANIZERS: V. Bogdan (The Catholic University of America), P. Kainen (Georgetown University), R. Kalpathy (The Catholic University of America), and A. Levin (The Catholic University of America).

Tel: 202-319-5221, 202-319-5222.   Fax: 202-319-5231. E-mail:levin@cua.edu
