

THE CATHOLIC UNIVERSITY OF AMERICA
Washington, DC 20064

SEMINAR IN FUNCTIONAL ANALYSIS
AND RELATED AREAS

Wednesday, November 2, 2022

4:45 p.m. - 6:30 p.m.

SPEAKER: Dr. John E. Gray
Naval Surface Warfare Center Dahlgren

TITLE: Andrew Vogt, the Mathematical Physicist, Our Collaboration

ABSTRACT: In this talk, I review the areas of mathematics that Andrew Vogt did in the area of mathematical physics. I briefly discuss the papers he published that could be considered mathematical physics. In addition, I discuss the papers we wrote together over a 32-year friendship and what we were working on when he died.

PLACE: Aquinas Hall, room 108. The talk will be on Zoom as well (from 4:45 p.m. to 6:30 p.m. ET). The corresponding link will be sent to everyone in advance.

ORGANIZERS: V. Bogdan (The Catholic University of America), P. Kainen (Georgetown University), R. Kalpathy (The Catholic University of America), and A. Levin (The Catholic University of America).

Tel: [202-319-5221](tel:202-319-5221), [202-319-5222](tel:202-319-5222). Fax: [202-319-5231](tel:202-319-5231). E-mail: levin@cua.edu
